

ARLEY EYEWEAR – GENERAL TERMS AND CONDITIONS OF DELIVERY AND CONTRACT

1. Scope of Application

These terms and conditions apply to all trade and deliveries between Arley Eyewear and the ordering company.

2. Formation and Confirmation of Order

Orders are created in the order portal, from which the completed order file is sent directly to Arley Eyewear for processing. An order becomes binding only after we have processed the order and provided a separate written order confirmation via email.

All our products are manufactured on a make-to-order basis only after the order has been confirmed. We reserve the right to reject an order if there are disruptions in the ordering company's solvency or if production capacity is unavailable due to exceptional circumstances.

3. Prices and Terms of Payment

Prices are stated exclusive of value-added tax (VAT 0%). The term of payment is 14 days net from the date of the order confirmation and invoice. Late payment interest will be charged on overdue payments in accordance with the Finnish Interest Act.

4. Delivery and Terms of Delivery

Deliveries are subject to the FCA Oulu (Incoterms 2020) condition, unless otherwise agreed. Delivery times are estimates. We will notify the customer without delay if significant delays occur in production or delivery. The shipment must be inspected immediately upon arrival.

5. Product Warranty and Complaints

Arley Eyewear grants a 12-month warranty for material and manufacturing defects on the SLS frames it manufactures. Our frames are designed and manufactured to withstand time, and they are treated with high-quality UV and surface protection.

The warranty covers defects that occurred during the production phase, but does not cover normal wear and tear, mechanical damage, or improper handling. The warranty does not cover natural and gradual changes in surface treatment or colors caused by prolonged exposure to UV radiation, cosmetics, skin oils, or cleaning agents.

Any defects or transport damages must be reported in writing within 8 business days of receiving the products.

6. Right of Return

In business-to-business (B2B) trade, products do not have a general right of return. Products with detected manufacturing defects will primarily be replaced with new, flawless products or credited on a case-by-case basis.

7. Intellectual Property Rights

All design rights, trademarks, and technical solutions related to the products, design, and 3D models are the property of Arley Eyewear.

8. Applicable Law and Disputes

These terms and their interpretation shall be governed by Finnish law. Any disputes will always be settled primarily through mutual negotiations. If an agreement cannot be reached, the matter will be settled in the District Court of Oulu.
